# Amazon WorkSpaces Keyboard Shortcuts

Amazon WorkSpaces supports a variety of keyboard shortcuts to enhance efficiency and convenience. Below is a detailed breakdown:

## Windows Client

- **Toggle Fullscreen**: Ctrl+Alt+Enter

- **Disconnect Session**: Ctrl+Alt+F12

- **Send Ctrl+Alt+Delete**: Navigate to *View* in the Amazon WorkSpaces client application, then select *Send Ctrl+Alt+Delete*

- **Copy**: Ctrl+C

- **Paste**: Ctrl+V

- **Zoom In Using Magnifier**: Windows logo key + Plus (+)

- **Snap App or Window Left**: Windows logo key + Left arrow

- **Snap App or Window Right**: Windows logo key + Right arrow

- **Maximize App Windows**: Windows logo key + Up arrow

## macOS Client (Version 3.0 and Above)

- **Quit Amazon WorkSpaces**: Command+Q

- **Toggle Fullscreen**: Command+Option+Return

- **Disconnect Session**: Command+Option+F12

- **Copy**: Command+C

- **Paste**: Command+V

## General Notes

- The **Windows logo key** on a Windows keyboard maps to the **Command key** on an Apple keyboard when using the Amazon WorkSpaces macOS client application.

- By default, both the **Windows logo key** on a Windows keyboard and the **Command key** on an Apple keyboard are mapped to the **Ctrl key** when using the Amazon WorkSpaces macOS client application.

- You can use Alt+Tab to cycle through applications on the remote machine when Amazon WorkSpaces has focus.

- Ctrl+Alt+Tab on Windows behaves like Alt+Tab, but the app list remains open until you click on an app or press Enter.
